EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Roland Norris on 8 June 2005.

The application has been amended as follows:

In the Claims:

Claims 1-6, 15-25, 34-37, 41, 43, and 45 are cancelled.

In Claim 7, --Claim 6,-- has been deleted and replaced with "Claim 31,"

In Claim 13, --Claim 5,-- has been deleted and replaced with "Claim 29,"

In Claim 14, --Claim 1,-- has been deleted and replaced with "Claim 26,"

In Claim 39, --Claim 35,-- has been deleted and replaced with "Claim 38,"

In Claim 40, --Claim 35,-- has been deleted and replaced with "Claim 38,"

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose the claimed invention. Specifically, the prior art of record fails to disclose an absorbent article having front and back side panels constructed from at least two pieces of material bonded together such that one piece is located proximal the chassis of the article, and the other is located distal the chassis, in combination with the distal edges of the side panels being angled such that their vectors cross the

longitudinal axis of the chassis at congruent angles. The closest prior art of record, U.S. Patent 3,039,466, does not disclose side panels comprising at least two pieces of material separate from the material of the chassis. U.S. Patent 6,443,940 discloses side panels comprising material bonded to the chassis, as shown in figure 5, but fails to disclose a second piece of material located distal the chassis. Therefore, nothing in the prior art of record anticipates nor fairly suggests the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
